

# DRAWING !!!!

Julian Beever is an english artist who's famous for his art on the pavement of england, France, germany, usa, australia and belgium. It's particularity ? Beever gives to his drawing an anamorphose, his images are drawn completly diforms which give a 3D image when viewing on the righ angle ... see for yourself it's amazing !!!

the image below has been taken to a wrong angle....

this is the same one viewed on the right angle...
